

ARCHITECTURAL & ZONING GUIDELINES

Greens Boutique Estate - Phase 1

1. INTRODUCTION

This document outlines the strict zoning regulations and architectural guidelines for the Greens Boutique Estate. All concept generation, massing, and construction must adhere strictly to these parameters to ensure estate harmony and regulatory compliance with the Local Municipality.

2. CORE ZONING PARAMETERS

Parameter	Regulation limit
Zoning Classification	Residential 1 (Single Dwelling)
Maximum F.A.R (Floor Area Ratio)	0.6
Maximum Coverage	50% of total stand area
Maximum Height	2 Storeys (Max 8.5m to eaves)
Minimum Dwelling Size	200 sqm (excluding garages)

3. BUILDING LINES (SETBACKS)

- Street Boundary: 4.5 meters minimum
- Rear Boundary: 3.0 meters minimum
- Side Boundaries: 2.0 meters minimum on both sides

No permanent structures, including swimming pools or massive pergolas, may encroach into these building lines without prior municipal consent.

4. ARCHITECTURAL AESTHETICS

Roofing: Pitched roofs must be between 17.5 and 35 degrees. Flat roofs are permitted but must not exceed 30% of the total roof footprint and must be concealed behind parapet walls.

Materials: Facebrick is strictly prohibited. Walls must be smooth plastered and painted in approved earthy tones (see Appendix A). Boundary walls on the street front may not exceed 1.2m in solid height, with 60% visual permeability required above 0.6m.
