

SURVEYOR GENERAL DIAGRAM - DEMO

Property:

Administrative district:

Diagram number:

Scale:

Area:

Purpose:

Erf 1421, Demo Greens Estate

George, Western Cape

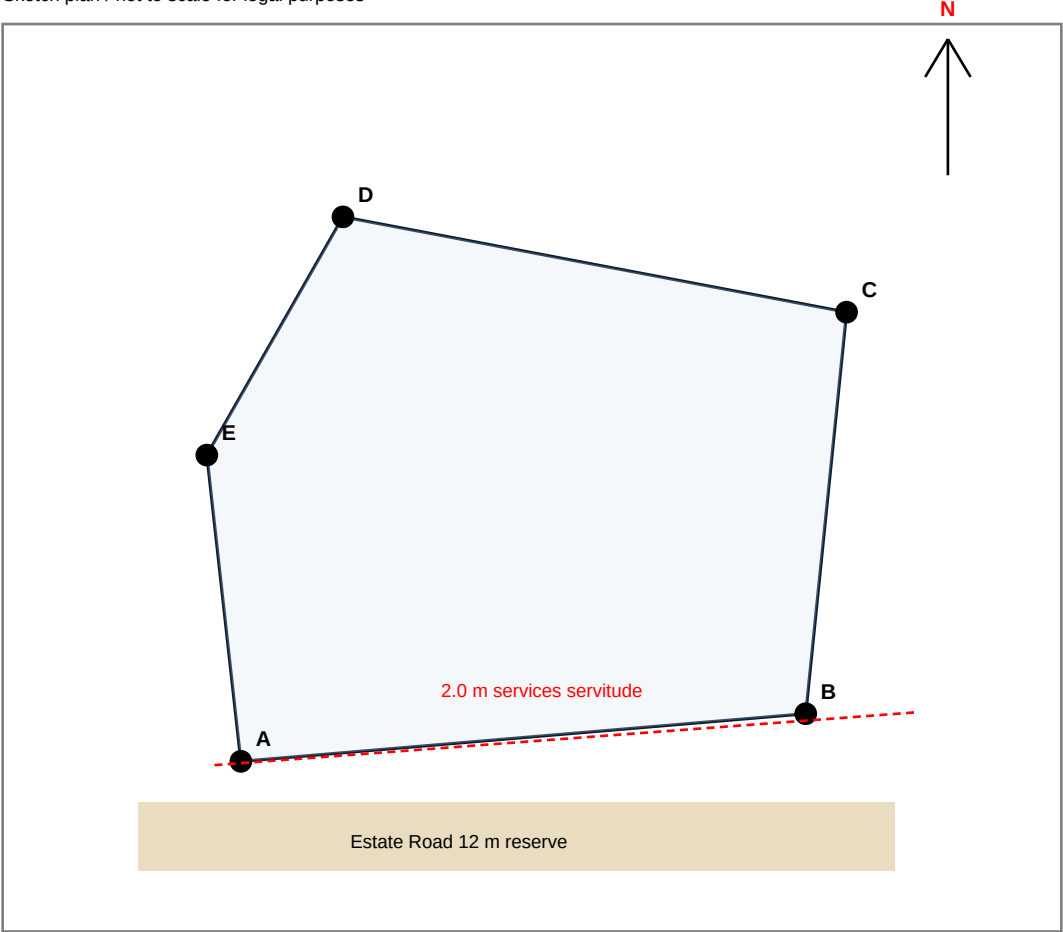

SG DEMO 1421/2026

1 : 500

624 square metres

Demonstrate boundaries, beacons, bearings and servitudes for AI extraction testing

Sketch plan / not to scale for legal purposes

Beacon coordinate table

Beacon	Y coordinate	X coordinate	Boundary note
A	+12 450.230	-3 220.110	Road corner
B	+12 491.880	-3 218.020	Road corner
C	+12 497.450	-3 188.420	Rear corner
D	+12 461.600	-3 181.300	Rear corner
E	+12 440.960	-3 199.920	Servitude bend

Bearing and distance schedule

This page imitates the coordinate/bearing schedule often found on survey diagrams. It is intentionally structured for parser tests.

Line	Bearing	Distance	Adjoining property / feature
A-B	84 deg 42 min 10 sec	41.75 m	Estate Road
B-C	02 deg 18 min 04 sec	30.12 m	Erf 1422
C-D	259 deg 55 min 11 sec	36.54 m	Private open space
D-E	210 deg 14 min 33 sec	25.20 m	Erf 1419
E-A	187 deg 05 min 41 sec	45.88 m	Municipal services servitude

Notes:

- Area calculated from beacon coordinates: 624 m2.
- The red dashed line on page 1 indicates a 2.0 m municipal services servitude.
- Road access is from the southern road reserve. Recommended driveway side: south-east.
- AI should extract beacon list, area, servitude presence, road access side, and boundary polygon.
